## Living in Australia

### Australia

Australia is an ethnic melting pot. It is a country known for its world-famous natural wonders, diverse landscapes and a vibrant multicultural society that practices almost every religion and lifestyle. Since 1945, more than six million people from across the world have come to Australia to live.

There are 226 languages spoken in Australia – after English, the most popular are Italian, Greek, Cantonese and Arabic. The island continent is almost as big as the USA but has a population of approximately only 25 million people (most of whom live within 50 kilometres of the coast). Australia's coastline stretches almost 50,000 kilometres and has more beaches (over 10,000) than any other country. Inland, there are vast areas of semi-arid and desert areas.

All major cities, and the nation's capital, offer exciting lifestyles, great cultural attractions, and a safe quality of life.

## **Multiculturalism**

More than 100 ethnic groups are represented in Australia, making it one of the most culturally diverse countries in the world. Australia's dynamic multiculturalism can be attributed to its unique combination of indigenous cultures, early European settlement, and immigration from all parts of the world.

Australians value the wealth of cultural diversity and social sophistication that international students bring to our campus and communities. GI takes great care in looking after international students and helping them to adjust to the Australian way of life. International students also gain great benefits from their education in Australia and make lifelong friendships.

## **Language**

Although English is the official language, more than 4 million Australians speak a language other than English, more than 800,000 speak an Asian language, the most common being Mandarin, followed by Cantonese and Vietnamese, and another 800,000 speak a European Union language. English, as it is spoken in Australia, is easily understood by nearly all people from other English-speaking nations. As you improve your English, you will learn some of Australia's colourful and often humorous slangs and have fun explaining the meanings to friends and relatives.

## **Religion**

Australia is predominantly a Christian country, however; all religions are represented. Australians respect the freedom of people to practice their choice of religion. Churches, mosques, temples, Gurudwara and synagogues are located in most major cities.

## **Healthcare**

Australia has a very good healthcare system. All Australians pay a Medicare levy (additional tax) to fund the public health system to ensure that everyone has access to public-system doctors, hospitals and other healthcare services. People who pay extra into private health insurance funds receive extra privileges when using private healthcare services. You will find the usual healthcare services available in Australian suburbs including GPs (doctors), dentists, osteopaths, chiropractors, psychologists, counsellors and many complementary healthcare practitioners (traditional Chinese medicine, naturopathy, acupuncture, kinesiology, etc.).

International students studying in Australia are required to have Overseas Student Health Cover (OSHC) for the duration of their student visa.

## **Food**

Australia has a fantastic variety of food. Its top-quality meat, fish, fruits and vegetables are exported to markets worldwide. There is a large range of fruits and vegetables available at Australian produce markets.

Students should have no difficulty finding the foods that they are used to at home. Students can have almost every type of cuisine in Australia's many restaurants and cafés. Ethnic restaurants offer cuisines from all around the world. Good food at reasonable prices can be found at bistros, cafés and Aussie pubs. For those who like takeaway, most of the major global fast food chains are well represented.

## **Sports and recreation**

Australians are very keen on sports and outdoor activities and have gained a worldwide reputation as tough competitors in individual and team sporting events. Australia has more than 800 national sporting organisations and thousands of state and regional sporting bodies. Australians are also enthusiastic about bushwalking, fishing, boating and water sports.

## Transport

Australia has an extensive public transport system that includes trains, buses, tramways, ferries, two major national airlines and several regional airlines.

## Driving

Tourist students may drive in Australia on a valid overseas driver's license, but if the document is not in English, visitor must carry a certified translation in English or apply for an International Driving Permit from their home country.

For more details, you may visit <https://www.studiesinaustralia.com/Blog/about-australia/driving-in-australia-as-an-international-student>.

Victoria- <https://www.vicroads.vic.gov.au/licences/new-to-victoria>.

## Taxis

Metered taxicabs operate in all major cities and towns. Students can find taxi ranks at transport terminals, main hotels or shopping centres or can hail taxis in the street. A light and sign on the roof indicate if a taxi is vacant. There is a minimum charge on hiring and then a charge per kilometre travelled. You do not need to tip taxi drivers.

## Uber

Uber services are also available at the airport and there is a designated pick up place available outside the airport for Uber customers.

## Telephones and Wi-Fi connections

Australia has a modern telecommunications system with mobile and internet access generally available at low cost. Overseas calls can be made over the internet data which also includes video calling.

Internet data: Free Wi-Fi, non-connections (paid) are available at majority of the places in and around Melbourne.

Airport, few shopping malls have free Wi-Fi available. Most of the shared accommodations have Wi-Fi services available through which the students can make overseas phone calls, video calls.

Students can avail pre-paid and/or post-paid Sims depending upon their suitability and requirements of the students. Lowest pre-paid Sims and plan costs around 12\$-15\$. The cost of pre-paid and post-paid plan keeps increasing as per your requirements, for example, more internet data and overseas calling minutes may cost you more than the plan with less internet and overseas calling minutes.

However, there are many providers like Vodafone which give student discounts.

## Budgeting

Students should work out a budget that covers accommodation, food, transport, clothing and entertainment. Childcare, if applicable, should also be considered. For more information on living in Australia, costs, visit [www.studyinaustralia.gov.au](http://www.studyinaustralia.gov.au).

## Travel

During the term breaks, students may like to venture beyond Melbourne to experience more of Australia's spectacular natural environment and great physical beauty, such as great ocean road, marine parks and national parks (The Great Barrier Reef, Kakadu, and Uluru), the Queensland rainforests and the pristine countryside and mountains of Tasmania. Student and backpacker travel agents in metropolitan cities offer cheap flights and package deals.

## Money and banks

Australian currency is the only legal tender in Australia. When students first arrive, money from other countries can be changed at the exchange facilities located at international airports, banks, and major hotels. Travellers' cheques are easier to use if already in Australian dollars, however, banks will cash travellers' cheques virtually in any currency. Major hotels and some shops, depending on individual store policy may also cash travellers' cheques.

It is a good idea to set up an Australian bank account. You will need to provide visa details and evidence of residency. Banking services in Australia are extremely competitive. All major banks have branches in cities and regional centres. Major Banks include ANZ, Westpac, National Bank, Commonwealth Bank. Community banks, like Bendigo Bank are a popular alternative. Most shopping centres have Automatic Teller Machines (ATM) facilities. These machines can be used for deposits and, in many instances, withdrawals 24-hours-a-day. Many department stores, supermarkets and specialist shops have electronic transfer terminals (EFTPOS) where cash withdrawals can also be made in addition to purchasing goods.

More information on banking is available at [www.studyinaustralia.gov.au](http://www.studyinaustralia.gov.au). Normal bank trading hours are from Monday to Thursday - 9.30 am - 4.00 pm, Friday - 9.30 am - 5.00 pm and some banks are open Saturday mornings. The timings may vary.

## Credit Cards

Credit cards are widely accepted around Australia. The most commonly accepted credit cards are Visa and MasterCard.

## Currency

Australia uses a dollars and cents system of decimal currency with 100 cents in a dollar. The bank notes in use are \$5, \$10, \$20, \$50, and \$100. Coins used are the silver-coloured 5 cent, 10 cent, 20 cent and 50 cent coins and the gold-coloured \$1 and \$2 coins.

## Tipping

Tipping is not the general custom in Australia and service charges are not added to accounts by hotels and

restaurants.

### **Finding Accommodation**

The following types of accommodation are available for international students.

#### **Home Stay**

This option is an opportunity for students to live in a private home, with a local family, couple or single person and learn about Australian life. You may need to compromise with living arrangements as you will need to fit in with the household's routines and expectations. You will need to think about the things that are important to you. You may need to ask about how adaptable mealtimes are in relation to your studies and other commitments. There are different types of home stay arrangements:

Cost: \$235 to \$325 per week

#### **Full Board**

Usually includes a furnished room (bed, desk, lamp, and wardrobe), three meals per day and bills (electricity, gas, and water, but not telephone and internet). Some home stay providers may even do your laundry.

Cost: A\$110.00 - A\$270.00 per week

#### **Half Board**

Usually includes a furnished room (bed, desk, lamp, and wardrobe) and bills (electricity, gas, and water, but not telephone and internet). You can use the cooking and laundry facilities in the house.

Cost: A\$ 80.00 - A\$ 100.00 per week

#### **Lease/Rent**

Renting an apartment or house is done through a real estate agent. You must sign a contract called "lease" to rent the house, either month-by-month, or sometimes a 6-month, 12-month or 2-year lease is required. The lease entitles you to private use of the property for the duration of the lease. The advantage of this is privacy and independence.

You must pay a bond (the equivalent of one month's rent, to cover any damage you may do to the premises).

You are responsible for paying all bills (except council rates), maintenance of the property and providing all your own furniture and household items.

If you choose a house or apartment in a popular area, there will be much competition. The real estate agent selects the tenants who they believe are the most stable and able to meet the requirements of the lease.

Cost (shared accommodation): A\$185.00 - A\$440.00 per week (unfurnished)

Students must read this handbook carefully in full before making an application. Students are encouraged to contact GI and talk to one of our friendly, informed staff members if they are unsure about any information included in this or have any questions.

Students must complete the student's application form and Pre-Training Review form (attached within the application form as Appendix 1) and send the completed forms along with all the relevant documents and the Application fee to GI. You can also submit your application through one of our authorised agents. A list of approved agents can be found on our website [www.greenhillinstitute.vic.edu.au](http://www.greenhillinstitute.vic.edu.au).

GI will assess student's needs by conducting Pre-Training Review (PTR). PTR will be conducted prior to the enrolment to review student's current competencies, student needs, English level, and support requirements including their oral communication skills, in order to enrol them in the most appropriate course to achieve their intended outcomes.

Applicants are required to fill up the PTR form given inside the application form as Appendix 1 and answer all the questions in a true and correct manner. Any competencies previously acquired will be identified during PTR and the most appropriate qualification for that student to enrol in will be ascertained, including consideration of the likely job outcomes from the development of new competencies and skills (Recognition of Prior Learning (RPL) or Credit Transfer). One of our staff will conduct a PTR call to verify the answers provided by the students. GI may also verify evidence provided by you of your IELTS/equivalent test score and secondary school certificate.

GI will issue Letter of Offer to successful applicants after all the documents have been verified. The offer letter will include all detailed instructions and conditions for accepting the student agreement. You must carefully read and sign the written agreement, pay the fee requested in the student's written agreement and send it to GI. GI will not accept any course fees without a student's written agreement.

Students undertaking the course must possess Numeracy skills since it requires them to do calculations or any other course related work. To determine this, all students wanting to study at GI are required to undertake LLN Test prior to the commencement of the course. Based on the test outcome, students may be identified as requiring internal support and/or external support.

LLN test will be conducted on campus by using an ACSF mapped online LLN assessment tool - LLN Robot - under the supervision of qualified LLN assessor.

Students for each course will be selected in a manner that reflects GI's access and equity principles. Completion of the student's application form does not imply that GI will make an offer to you. You will also be notified if you do not meet the entry requirements.

Once the completed written students' agreement and fee is received (and cleared by the bank) GI will issue a Confirmation of Enrolment (COE) with a condition that you must take LLN test before the course commencement.

### Recognition of Prior Learning (RPL) and/or Credit Transfer (CT)

If a student is granted with RPL or course credit, GI will give a written record of the decision to the overseas student to accept and will retain the written record of acceptance and payment receipts for two years after the overseas student ceases to be an accepted student.

If student is granted with RPL or course credit, (overseas student's course length is reduced)

- There will be reduction in course duration following granting of RPL and confirmation of enrolment (CoE) will be issued for the reduced duration of the course only.
- Any changes in course duration will be reported in PRISMS if RPL or course credit is granted after the overseas student visa is granted.

Students are requested to refer to "Course Credit and RPL policy" for more details available on the website.

### Training and Assessment

Greenhill Institute has training and assessment strategies and practices in place that ensures that all current and prospective learners will be trained and assessed in accordance with the requirements of the Standards that applies to Registered Training Organisations.

### Competency based training and assessment

In vocational education and training, people are competent when they are able to apply their knowledge and skills to successfully complete work activities in a range of situations and environments.

Knowledge questions/written test, Presentations, Case studies, Role plays are adopted by GI and assessment practices aims to make sure that the individuals participating in the training and assessment has the competence to undertake their work role to the standard expected in the relevant workplace.

Those being assessed are often referred to as students or learners. In specific cases, where student support and special needs are identified, the method and timing of assessment can be adjusted. However, the requirements of the unit of competency including requirements of knowledge evidence and performance evidence will remain unchanged. The adjustment will be applied to evidence gathering techniques and due dates of assessment without changing training package requirements and unit outcome requirements.

GI ensures that all the assessments are valid, fair, reliable, authentic, and flexible. Refer to GI's Assessment policy for more information available on GI's website and can also be made available from reception.

### Mode of Study and Delivery Approach

**For BSB, ICT, and RII courses:** Mode of delivery for these qualifications will be face-to-face in a classroom with access to a simulated environment. The classes will be delivered 20 hours a week at the campus location i.e., Suite 2 - 17 David St Brunswick Vic 3056 Australia.

**For CPC31020 and CPC50220 courses:** Mode of delivery for these qualifications will be Face to Face theory learning in classroom with access to a simulated environment and Practical learning at Greenhill Institute's workshop located on campus. Theory and practical classes will be delivered 20 hours a week at the campus location i.e., Suite 2 - 17 David St Brunswick Vic 3056 Australia.

GI uses a range of delivery approaches to ensure its courses are delivered to the highest standards.

Course delivery approaches include methods like: Classroom lectures, Practical demonstrations/observations, case studies, Research work, project workgroup, presentations, tutorials, and self-study. During class time, Students will be expected to participate by answering questions, giving opinions, demonstrating tasks, working with others in groups, making presentations and role-playing situations.

The training delivery includes:

- Power point presentation on topics discussed during session.
- Role-play and case studies in the classroom to reinforce the required interpersonal skills for individual and group work.
- Context-related training activities in the classroom involving individuals, pairs and small group activities.

- Student resource workbooks and access to e-books and power point presentations to support training, independent reading, and research projects.

### Course Assessment and Methods

Assessments comply with the assessment guidelines defined in the nationally endorsed training packages relevant to our scope of registration. All trainers have achieved the relevant qualification they are delivering or have achieved an equivalent or higher-level qualification and have relevant current industry experience. All the trainers with qualifications awarded overseas have formal evidence of equivalence from an approved Australian Recognition Authority. High-quality training and assessment mean the students are well equipped for the employment or further study; their qualification is seen as credible when they enter the job market; and they are judged by employers as holding the skills and competencies specified in their qualification.

Note: GI doesn't claim any job guarantees or employment with its programs/courses.

All of our assessments will lead to the issuing of a Statement of Attainment or to the issuing of a qualification under the AQF where a person is assessed as competent against the National endorsed units of competency in the applicable training package.

As per clause 1.8 of the Standards for RTOs 2015, all the assignments at GI will be conducted in accordance with the principles of assessment and rules of evidence as given below:

#### People

Assessment includes case studies, practical demonstration where assessor and colleague students will play role of customer and stakeholders.

Students will be notified in advance of the time and form of assessment.

**Assessment evidence:** All assessment evidence submitted by students to complete assessment tasks for each unit of competency will meet the following rules of evidence and principles of assessment. All assignments will be marked in accordance with the principles of assessment and rules of evidence (these can be found at <https://www.asqa.gov.au/standards/chapter-4/clauses-1.8-1.12.>)

#### Principles of Assessment

##### i. Fairness:

The individual learner's needs are considered in the assessment process. Where appropriate, reasonable adjustments will be applied by GI to consider the individual learner's needs.

Greenhill Institute will inform the learners about the assessment process and provide the learner with the opportunity to challenge the result of the assessment and be reassessed if necessary.

##### ii. Flexibility:

Assessment is flexible to the individual learner by:

- reflecting the learner's needs
- assessing competencies held by the learner no matter how and where they have been acquired, and
- drawing from a range of assessment methods and using those that are appropriate to the context, the unit of competency and associated assessment requirements, and the individual.

##### iii. Validity:

Any assessment decision of GI is justified, based on the evidence of performance of the individual learner. Validity requires:

- Assessment against the unit(s) of competency and the associated assessment requirements covers the broad range of skills and knowledge that are essential to competent performance.
- Assessment of knowledge and skills is integrated with their practical application.

- assessment is based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations
- Judgement of competence is based on evidence of learner performance that is aligned to the unit(s) of competency and associated assessment requirements.

iv. Reliability:

Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.

### **Rules of Evidence**

a) Validity

Evidence e.g. reports, answers, assignment are relevant to questions asked in the tasks and the assessor is assured that the learner has the skills, knowledge and attributes as described in the unit of competency and associated assessment requirements.

b) Sufficiency

The assessor is assured that the quality, quantity and relevance of the assessment evidence enable a judgement to be made of a learner's competence which means answers to assignments, questions, and reports should be elaborate and student should complete all tasks required by unit and assessment.

c) Authenticity

The assessor is assured that the evidence presented for assessment is the learner's own work and student not plagiarised work from other students or other sources.

d) Currency

The assessor is assured that the assessment evidence demonstrates current competency. This requires the assessment evidence to be from the present or the very past. This means student must provide answers, report and assignments which reflect latest information e.g. latest legislation, work process or software etc.

To view the Assessment Policy and Procedure, please visit <https://greenhillinstitute.vic.edu.au/>.

### **Re-assessment**

Learners unsuccessful at achieving competency in first attempt will be given two further opportunities for re-assessment at a mutually agreed time and date (total 3 attempts\*). If a learner fails the re-assessment after three attempts, they will be advised to re-enrol in the unit.

\*Students will be given total 3 attempts including 1 original plus 2 reassessments.

Cost of reassessment will be as follows:

- 1<sup>st</sup> Original submission: Free of cost
- 2<sup>nd</sup> Reassessment fee: Free of cost
- 3<sup>rd</sup> Reassessment fee: \$300

If student fails in the 3<sup>rd</sup> reassessment, then students will have to repeat unit. Repeat unit fee- \$300.

Not attending for an assessment will be counted as one assessment attempt for each occurrence unless:

- the student can provide a certificate from a registered medical practitioner indicating that the student was medically unable to attend the assessment; or
- the student can provide independent evidence of exceptional compassionate circumstances beyond the students control, such as serious illness or death of a close family member to explain the non-attendance at the assessment.

To view the Assessment Policy and Procedure, please visit [greenhillinstitute.vic.edu.au](http://greenhillinstitute.vic.edu.au).

### Assessment Outcome

Each unit of competency includes multiple assessment tasks and after each assessment the student's submission will be marked Satisfactory (S) or Not satisfactory (NS). After each assessment verbal and written feedback is provided. Final unit results are recorded as Competent (C) and Not Yet Competent (NYC).

### Assessment appeals

If students are dissatisfied with an assessment outcome, they can appeal the assessment decision. In the first instance, students are encouraged to appeal informally by contacting the trainer or Student support officer/Administration Officer and discuss the matter with them. If students are dissatisfied with the outcome of such discussion, students can appeal further to Training Manager/ CEO. If students are still dissatisfied, students can appeal formally and in writing to have the results reviewed. For more information, refer to the Assessment Policy and the Complaints and Appeals Policy and Procedures.

### Qualifications to be issued

Qualifications gained at GI are based on the principles, guidelines and standards set by the Australian Qualifications Framework (AQF) and VET Quality Framework and are recognised nationally. Students who successfully complete all assessment requirements for a qualification will be awarded a certificate corresponding to the completed course. Those completing assessment requirements for part of a qualification will receive a Statement of Attainment for completed competencies.

Qualification, Statement of Results or transcript of results will only be issued once all outstanding fees have been paid in full. GI will issue certification in a timely manner. Providing all fees have been paid, all AQF certification documentation will be issued within 30 calendar days of the student exiting their course or the student's final assessment being completed. Please contact GI's Administration department for more details.

### Academic Misconduct

Acts of plagiarism, collusion and cheating are not permitted in any work completed for assessment and will result in a written warning and repeating the VET unit of competency, as well as incurring any associated charges. If a student is caught engaging in these acts, their assessment will be deemed Not Yet Competent (NYC). If students are engaged in such act for a second time, they may be suspended or expelled from the course. All work submitted must be an accurate reflection of the Student's level of competence.

Plagiarism is unacceptable and each case of plagiarism shall be treated on its own merits. Educational procedures will be in place to assist students to avoid submitting assessment work that does not meet the required standards of evidence-based writing.

Inappropriate practices in the use of referencing, citations, quotations or attributions for formative assessment may be dealt with and by the assessor, who may refer students to appropriate resources to improve their academic skills. Suspected incidents of plagiarism involving summative assessments will be dealt with seriously:

- The student's assessment will be deemed Not Yet Competent (NYC). Student will be given a warning and will be required to redo the assessment. Additional charges may apply for re-assessments.

- If students are engaged in such act for a second time, they may be suspended or expelled from the course.
- All work submitted must be an accurate reflection of the Student's level of competence. The evidence used to make a decision at Greenhill Institute about competence will be valid, sufficient, authentic and current.

More detailed information can be found on Plagiarism and Cheating Policy available on GI's website and/or at the reception.

## **PLAGIARISM and CHEATING**

GI is committed to upholding standards of academic integrity and honesty. Plagiarism and Cheating in any form are unacceptable and will be treated seriously by GI. Students will be advised at the beginning of their course about the plagiarism policy and procedures, and the provisions in the Institute about cheating.

### **PLAGIARISM**

Plagiarism means to take and use another person's ideas and or manner of expressing them and to pass these off as one's own by failing to give appropriate acknowledgement, including the use of material from any source, staff, students or the internet, published and unpublished works. Plagiarism occurs when students fail to acknowledge that the ideas of others are being used. Specifically, it occurs when:

- other people's work and/or ideas are paraphrased and presented without a reference;
- other students' work is copied or partly copied;
- other people's designs, codes or images are presented as the student's own work;
- phrases and passages are used verbatim without quotation marks and/or without a reference to the author or a web page;
- Lecture notes are reproduced without due acknowledgement.
- Plagiarism may take the form of similar work submitted by students who may have worked together.

### **COLLUSION**

Collusion means unauthorised collaboration on assessable written, oral or practical work with another person.

### **CHEATING**

Cheating may include instances such as:

- Someone copying from others work.
- Someone pretending that it is their own work

### **Consequences-Plagiarism and Cheating**

Plagiarism is unacceptable and each case of plagiarism will be treated on its own merits. Educational procedures will be in place to assist students to avoid submitting assessment work that does not meet the required standards of evidence-based writing.

- All assessment work submitted by a student will be assessed in accordance with its academic merit. If a student fails an assessment task because of the absence of appropriate citations and references, it may be a consequence of the student failing to meet the stated criteria for the task, rather than as a punishment for plagiarism.

- Inappropriate practices in the use of referencing, citations, quotations or attributions for formative assessment may be dealt with by the assessor, who may refer students to appropriate resources to improve their academic skills. Suspected incidents of plagiarism involving summative assessments must be dealt with according to the guidelines of the policy.
- The penalties associated with plagiarism are designed to impose sanctions that reflect the seriousness of institute's commitment to academic integrity. Penalties may include resubmitting assessment work i.e. further reassessment and/or possible financial penalty or failing the unit. It may also lead to students being re-enrolled in the unit which will incur payment of \$300.
- Student's assessment will be deemed Not Yet Competent (NYC) and warning will be given. Student will be required to redo the assessment. Additional charges may apply for reassessments. If students are engaged in such act for a second time, they may be suspended or expelled from the course.
- Training Manager will keep a record of all suspected incidents of plagiarism brought to attention by the trainers. Procedural aspects of these records will be reviewed to ensure that they have been dealt with fairness.
- If trainer and/or Training Manager finds that a student has committed multiple and/or systematic acts of plagiarism, or admits to, or is found to have committed, conduct that prejudices the interests of other students or the integrity of an assessment scheme itself, then the case will be dealt with as a complaint of student misconduct under the Student Code of Behaviour at GI, and a further penalty may be imposed.
- If trainer and/or Training Manager finds that a student has committed multiple and/or systematic acts of plagiarism, or admits to, or is found to have committed, conduct that prejudices the interests of other students or the integrity of an assessment scheme itself, then the case will be dealt with as a complaint of student misconduct under the Student Code of Behaviour at GI, and a further penalty may be imposed. Kindly refer to Plagiarism and Cheating policy available on GI's website and/or at the reception for more details.

### Credit Transfer

Credit transfer is a process that provides students with agreed and consistent credit outcomes for components of a qualification based on the identified equivalence in the content and learning outcomes between the matched qualifications. Such as:

1. Unit/module is the same i.e. same code and title
2. Unit/module has been reviewed and this results in minor changes to the unit/module code e.g. B to C. This indicates that the learning outcomes of the unit/module have remained the same.
3. Unit/module has been transferred from another training package/curriculum and recorded; however, the learning outcomes remain the same.
4. If the course credit is given, the confirmation of enrolment (COE) issued for that student will indicate the actual net program duration (as reduced by course credit) for that program.
5. If course credit is granted, and it results in shortening of the student's program duration, the Institute will report the change of program duration in PRISMS.

Students who have completed identical units to those in the course they are beginning at other institutions, can be given recognition/credit on presentation of a verified transcript, Award or Statement of Attainment issued by any other RTO or AQF authorised issuing organisation.

- Students are requested to apply for credit transfer by the 2nd week of the first term of study in their enrolled course.
- Students must complete the Credit Transfer Application form and submit the application to the Administration department or at the Reception.
- The application must include copy of verified Award or statement of attainment copies, all original documents and must identify the units successfully completed including unit codes, unit name and dates of completion.
- Training Manager or Administration Officer will verify the Award or Statement of Attainment, and other original documents submitted along with the Credit transfer application form and will grant credit transfers for identical units that have been identified as being completed at another Registered Training Organisation.
- Verified copies of Qualifications and Statements of Attainment and other documents provided by the students and used as the basis for granting Credit Transfer will be placed in the student files.
- Granting of Credit Transfer will be recorded as a unit outcome and kept in the students file.
- If Credit transfer is granted, GI will provide a written record of the decision to the students to accept and will retain the written record of acceptance for two years after the overseas student ceases to be an accepted student.

An application for credit transfer must be lodged in writing. Application form and more information about credit transfers (Credit transfer and RPL policy) is available on our website or can be obtained from GI's reception.

**Please Note:** According to Clause 3.5 on the Standards for RTOs 2015, when a student presents a superseded equivalent unit of competency for credit transfer for the purpose of reducing the amount of learning required to achieve the qualification or skill set, credit can be granted to that student for that unit without needing to map unit outcomes. As a best practice approach, institute may conduct mapping analysis for the units that have been superseded twice or more despite still being deemed equivalent, to ensure that the assessment of competence is still relevant.

### **Recognition of Prior Learning (RPL)**

RPL involves the assessment of previously unrecognised skills and knowledge an individual has achieved outside the formal education and training system. Recognition of prior learning is an assessment process that involves assessment of an individual's relevant prior learning (including formal, informal and non-formal learning) to determine the credit outcomes of an individual application for credit. To support this type of application evidence of where and how the skills were obtained is required.

GI recognises the prior learning of students based on:

- previous training, (includes overseas qualifications).
- formal study and acquisition of a qualification and statements of attainment from another RTO.
- practical experience in a work environment.
- projects undertaken; and
- Life experience.

Students who believe they already have skills and experience learnt through a job, worked in a position that has enabled the student to undergo industry –relevant tasks, or simply been trained in-house through a company that students may have previously worked for; may be eligible to apply for Recognition of Prior Learning. You may be asked for contact details of people who can vouch for your skill level such as supervisors from current or previous workplaces, clients or personal character references from the community.

An application for RPL must be lodged in writing. RPL application forms can be obtained from the website or from GI's reception. More information on RPL is available on our website [www.greenhillinstitute.vic.edu.au](http://www.greenhillinstitute.vic.edu.au) under CT and RPL policy. Students can speak to GI Staff for more enquiries.

### **Procedures**

- Students are requested to apply for Recognition of Prior Learning prior to the commencement of the course.
- An RPL application for students will include all relevant evidence of work experience and where the learning has occurred. Applications will not be accepted unless all required information is included. Students who request an RPL assessment will be advised of the evidence required and suggestions on how to obtain it (e.g., supervisor evidence, previous projects, transcripts of qualifications completed, work experience, in-service training, distance education or open learning, community- based learning, or overseas education, training or experience etc.).
- All RPL Applications are to be submitted to the administration department/Reception in the first instance along with verified supporting documents. The application and supporting documentation will be copied and placed into the student's file. Where originals are required for verification, authorised GI staff from the Administration department or representative will sight and indicate on copies "original sighted" and shall return originals to the student. GI will at no time accept and retain original certificates.

- The application will be forwarded to the Training Manager to be assessed and outcomes will be determined by RPL/qualified assessor.
- It will be ensured that the evidence provided is valid, authentic, current, and sufficient and that the process is fair, flexible, and valid.
- If the outcome of the evidential documentation is not sufficient, then student will be advised to provide further documentation to validate his/her skills/experience. Training Manager or representative will set a date for the additional documents to be submitted.
- The applicant will be notified of the outcome of the RPL. On the basis of the assessment, the student will be advised that:
  - the application has been granted; or
  - the application has been denied; or
  - further evidence is required.
- Where an application for RPL or Course Credit is received by GI, Training Manager or representative will assess the application and provide an outcome to the application within 14 working days of receipt or as soon as practicable where further information is required to determine the outcome. If RPL is approved, the applicant will be marked as “CT or RPL” rather than “Competent” in the transcript of records.
- Where either of the above, credit transfer or RPL applications are received or course credit is approved, the following must occur Enrolment Officer or representative will change student’s COE to reflect reduction in period of study. GI will provide student with the outcome of the credit application. The students must sign a letter to indicate the agreement.

with the outcomes of credit transfer or RPL applications and a copy will be kept in the student’s file.

- GI’s Assessment policy will be followed when undertaking RPL assessments.

Application form for RPL can be obtained from the website or from GI’s reception. More information on RPL is available on GI’s website [www.greenhillinstitute.vic.edu.au](http://www.greenhillinstitute.vic.edu.au). Students can also speak to GI Staff for enquiries.

### **Currency of training**

GI implements an effective course validation procedure to ensure that it delivers current AQF training package qualifications and accredited courses. GI ensures appropriate transition arrangements in case a qualification or an accredited qualification is superseded.

### **Pathways to Higher Education**

Graduates of GI may seek credits to the relevant degree programs in Australian universities. Institute has no special arrangements with any Australian university and there is no guaranteed entry into university programs.

### **Reasonable Adjustment**

Students have different needs and often training needs to be adjusted to meet individual students' needs. Adjustments can be made to assessment process, resources, facilities, delivery style and structure of training sessions.

By definition: 'Reasonable adjustment refers to measures or actions taken to provide a student with a disability or special needs, the same educational opportunities as everyone else. To be reasonable, adjustments must be appropriate for that person, must not create undue hardship for the Institute and must be allowable within rules defined by the training package.'

In practice, this can translate into:

- adjusting equipment or the physical environment.
- providing specialised equipment.
- changing the format and layout of training materials, for example using black and white slides instead of colour, using visuals instead of dense text or providing audio instead of visual information.
- allowing breaks for fatigue, medication, or toilet use.
- changing assessment procedures and timing.
- presenting work instructions in diagrammatic or pictorial form instead of words and sentences.
- simplifying the design of job tasks

***Greenhill Institute does not guarantee that:***

- *A learner will successfully complete a training product.*
- *A training product can be completed in a manner which does not meet the requirements of Clause 1.1 and 1.2 of the Standards for RTOs 2015*
- *A learner will obtain a particular outcome where this is outside the control of GI.*

All students who require support can contact GI's student support officer through email, phone or on campus. Student support services will be always available for students.

GI has sufficient student support personnel to meet the needs of the overseas students enrolled with GI. GI will maintain one student support officer for every 80 students (1:80 ratio) to ensure sufficient support is available for students. Every member of GI Staff will execute the procedural aspects of the Support policy with specific matters dealt with by specialised personnel.

Students can fill up a "Student Support Request Form" to mention the support they require in detail. This form is available on website [www.greenhillinstitute.vic.edu.au](http://www.greenhillinstitute.vic.edu.au) and is also available on campus.

Student support officer or representative will record the details in student support register and will make sure that student is satisfied with the support requested by him or her.

GI will maintain evidence of the support provided to the students in file. This includes maintaining and keeping record of:

1. **Student Support Request form:** available from GI's reception or website

[www.greenhillinstitute.vic.edu.au](http://www.greenhillinstitute.vic.edu.au). Meetings will be conducted regularly with the students to check if students are receiving enough support to meet their requirements. GI understands the difficulty that students may have to face when they are away from their home. Therefore, GI ensures to provide support to students whenever they are in need at no additional cost to the students. Students may have to bear the cost associated with external services.

**2. Academic Support-Intervention Strategy Form:** Students whose attendance is unsatisfactory (i.e. below 80%) or if student is at risk of achieving unsatisfactory course progress (not demonstrating competency in at least 50% of the units in the given study period) will be called for Intervention meeting and intervention strategies will be discussed and applied. For more information, kindly refer to Attendance and Course Progress Policy available on website or from Reception.

## Disability Support

Australia has a law that protects individuals from discrimination in many areas of public life, including education. A person with disability has just as much right to study as any other student.

GI will apply reasonable adjustments for students with disability. However reasonable adjustment applied must not be detrimental for the students to achieve course outcomes. GI will apply reasonable adjustments to the level it can.

This means that the institute will not:

- Refuse admission on the basis of disability.
- Accept a student with a disability on less favourable terms than other students (for example, asking for higher fees).
- Deny or limit access to a student with disability (for example, not allowing access to excursions, or having inaccessible student common- rooms or lecture facilities).

The fees for external agencies will be at the cost of the student.
- **Emergency and Health Services** – During orientation, students will be advised regarding campus safety and how to access emergency and health services in Australia. ## Students with special needs

Greenhill Institute's policy on assessment is to give all students an equal opportunity to demonstrate their knowledge and skills. Where necessary and possible, we will decide to take account of a student's special needs by making reasonable adjustments to the training and/or assessment requirements. This does not mean that a student gains any unfair advantage over other students.

Reasonable adjustments will be made to ensure that the participant is not presented with artificial barriers to demonstrating achievement in the program of study. Reasonable adjustments may include use of adaptive technology, educational support, and alternative methods of assessment such as oral assessments. Reasonable adjustments will be made; however, it will also be ensured that adjustments do not affect the regulatory requirements of physical fitness and ability to handle or manage automation.

Students will be assessed on their current competencies including literacy and numeracy LLN prior to commencement of the course.

The learning needs identified from the review will form the basis of any adjustment to the training program and appropriate strategies will be agreed with the student. Adjustments made will be recorded in the student's file and will not compromise the competency standards in any way whatsoever.

At all times Greenhill Institute strives to fulfill its obligations under Victorian Equal Opportunity Act 2010, Victorian Equal Opportunity and Human Rights Commission and Disability Discrimination Act 1992.

Greenhill Institute has policies that include reasonable adjustment and access and equity principles. Reasonable adjustment will be provided for participants with special learning needs (such as a disability or learning difficulty) according to the nature of the learning need. Evidence collection can be adjusted to suit individual student needs if required and will be endorsed by the CEO/Training Manager.

## Critical Incidents

The policy ensures that critical incidents and the actions taken are recorded in writing and are kept for a period of not less than two years after the student's enrolment has expired.

A Critical incident is defined as a traumatic event, or the threat of such (within or outside Australia), which causes extreme stress, fear or injury. Critical incidents that may cause physical or psychological harm could include events such as:

### **Our Obligation to You**

Greenhill Institute is responsible for the quality of the training and assessment in compliance with the Standards for Registered Training Organisations 2015, and for the issuance of the AQF certification documentation. This means that the institute is obligated to deliver and assess students in accordance with the course requirements and to issue appropriate credentials to students who have met the assessment requirements and have been assessed as competent in the units of competency.

This means that the Institute is obligated to deliver and assess students in accordance with the course requirements and to issue appropriate credentials to students who have met the assessment requirements and have been assessed as competent in the units of competency.

### **Transfer Between Registered Providers**

The National Code 2018 restricts the capacity of students to transfer to other providers prior to completing six months of their principal course. GI will not actively recruit a student where this clearly conflicts with obligations under standard 7 of the National Code 2018 (Overseas student transfers).

GI will not allow students to transfer to another provider within six months of the commencement of their principal course of study in circumstances where the transfer would be detrimental to them.

If students wish to apply for a transfer, they will need to apply at the institute for a release. There is no cost attached to apply for a release; however, students will be required to contact the Department of Home Affairs (DHA) to seek advice on whether a new visa is required.

All applications will be assessed based on GI's Policy, conditions of Enrolment, Fee Payment and Refund Policy, study plan and declaration submitted by the student in their application.

Documented evidence supporting circumstances/reasons for seeking release must be included with the application or email submitted. Please refer to the GI's transfer between provider's policy for more details on conditions where transfer may or may not be provided.

### **Deferral, Suspension and Cancellation**

Students may initiate a request to defer commencement of studies or suspend their studies on the grounds of compassionate or compelling circumstances. Students wishing to defer the commencement of studies or suspend their studies must apply to do so in writing to the institute. Reasons for suspending your enrolment are limited to extenuating circumstances such as:

- Personal illness (e.g. you are going into hospital)
- Bereavement (death of an immediate member of family)
- Serious illness of an immediate member of family.

If you know that you will not be attending classes during the study period, you must contact GI and arrange an appointment to discuss your circumstances. Subsequent to your meeting and after providing documented evidence, supporting circumstances/reasons for seeking suspension or cancellation of enrolment, you will be required to formally apply for the deferral or suspension.

GI may decide to suspend or cancel a student's enrolment on its own initiative as a response to misbehaviour by the student. Deferral of commencement, suspension of enrolment and cancellation of enrolment has to be reported to the Department of Home Affairs through PRISMS by the institute and this may affect the status of a student visa.

Please refer to GI's Deferral, Suspension and Cancellation Policy for more details available on GI's website.

### **Student Obligation**

#### **Overseas Student Health Cover**

If you are a student from overseas on a temporary student visa it is a condition of your visa to maintain adequate health insurance for the duration of your visa. This means you need to purchase Overseas Student Health Cover (OSHC) and keep your policy up to date as long as you hold your visa.

OSHC assists international students to meet the costs of medical and hospital care they may need while in Australia. OSHC also includes ambulance cover and limited pharmaceuticals.

Some exceptions may apply if you are a student from Sweden, Norway, or Belgium. If this applies to you, you may have special arrangements under your own national schemes - check with the Department of Home Affairs to find out if special arrangements apply to you and if you are exempt from the requirement to purchase OSHC.

As holding OSHC is a visa requirement, take care to always maintain your cover. If you do fall behind in payments or renewing your cover, you will be able to continue your cover, but you may not be able to claim for services you received while you were in arrears.

If your visa status or Medicare eligibility changes at any time, inform your insurer as soon as possible to find out whether your level of cover is still suitable. When your student visa expires, then you are no longer eligible to hold OSHC. You can then swap over to a residents' cover or to an Overseas Visitors Health Cover plan.

OSHC assists international students to meet the costs of medical and hospital care they may need while in Australia. OSHC also includes ambulance cover and limited pharmaceuticals. The OSHC premium cover must be paid before a student visa is issued.

Greenhill Institute (GI) can assist you in organising an OSHC cover for you if you wish. Contact our Student Services.

### Full Time Study

Overseas students are required to be enrolled in a full-time registered course to undertake study. Australian law requires international students to study a full-time study load. A full-time study load is normally a minimum of 20 scheduled course contact hours per week.

### Academic Course Progress

GI gives strong emphasis on course progress requirements. It is a mandatory requirement for all the students to attend their classes regularly and achieve satisfactory course progress.

Students must participate in the training as set out in the training and assessment strategy, including (where the strategy requires) participating in scheduled classes, course-related information sessions, supervised study sessions. Greenhill Institute will check and ensure that all the required assessments are completed up to that point of time.

Students at GI are required to regularly attend classes and achieve satisfactory course progress. GI regularly monitors, records and assesses the course progress of each student for each unit of the course for which the student is enrolled in. GI will assess each student's course progress at the end-point of each study period.

Students who do not meet course progress requirements may be at risk of having their visa status affected. Where requirements are not met, GI course progress monitoring procedures will be followed as per the Attendance and Course Monitoring Policy and Procedures.

Unsatisfactory progress is defined as not successfully completing or demonstrating competency in at least 50% of the units in given study period.

A failure of units in any study period will trigger a review of academic progress by the institute and the implementation of an intervention strategy. Failing a unit means being assessed as 'Not Yet Competent (NYC)' for a completed unit after one or more opportunities for re-assessment has been provided or a result appeal process has been undertaken. In order to have the best chance of maintaining satisfactory progress you must:

- Attend all classes and pay attention to the work and activities undertaken in class.
- Study the theory and practice the skills that are taught in class.
- Ensure that you are present for all assessment activities scheduled by the trainers.
- Make an appointment with the Student Support Officer or Training Manager if you are having any difficulties with your studies.

In addition to the above minimum requirement, the Institute will implement counselling procedures and

an intervention strategy when you think you may be in danger of not meeting the requirements.

Counselling and intervention strategy may be triggered by any of the following events such as:

- Failing any units in a study period
- Not attending compulsory classes

If students fail to meet the requirements of satisfactory course progress for two consecutive study periods, they will be reported to the Department of Home Affairs via PRISMS.

Please refer to the Attendance and course progress policy available on GI's website and/or reception for more details on Intervention strategy, academic progress, extension of course duration etc.

### Attendance Requirements

GI gives strong emphasis on attendance requirements. GI will record and monitor attendance on regular basis, contact students who are not attending classes and identify appropriate support that can be provided to the students. GI will ensure that students are provided with full support by implementing intervention strategies so that students can complete their course on time.

Students must maintain satisfactory attendance (i.e., minimum 80% of attendance) throughout the course. Low attendance implies that students might not be able to complete their course on time and this will lead to unsatisfactory course progress. Hence, students are required to attend classes in accordance with course timetables to make satisfactory course progress. GI is required to report the students based on unsatisfactory course progress to the department of Home Affairs (DHA).

**For students enrolled in CPC (Building, Construction, Solid Plastering) Qualifications**, must attend all workshop practical to fully develop their skills. Student's workshop attendance will be monitored closely and student missing practical classes will be treated on a case-by-case basis. Student missing more than one workshop practical class will not be allowed to sit in re-assessment but will be required to repeat the units as it will not be possible for students to develop the required skills without attending practical classes. Students must maintain satisfactory attendance (i.e., minimum 80% of attendance) throughout the course.

**Note:** Students will not be reported based on attendance. However, Low attendance may lead to unsatisfactory course progress which can lead to you being reported to DHA.

Overseas students are required to be enrolled in a full-time registered course to undertake study. For VET courses, a full-time course is a minimum of 20 scheduled course contact hours per week, unless otherwise specified by ASQA. Students are required to participate in and attend the scheduled classes.

If **an overseas student** is not attending scheduled classes, but is making satisfactory progress in their course, then the course duration set may not be suitable for that student—because this implies that they may already have the skills, knowledge, and experience to progress in their course without receiving structured training.

In this case, GI may invite the student to apply for RPL and will reduce the duration of the course to the minimum duration required given the student's existing skills and knowledge, while maintaining a minimum of 20 scheduled course contact hours per week.

Please refer to the Attendance and course progress policy available on GI's website and/or student administration for more details.

### Intervention Strategy

GI ensures that it identifies, notifies, and assists students where there is evidence that the student is at risk of not meeting course progress and/or attendance requirements. GI will provide support to students through intervention strategy to ensure that students are attending classes and achieving satisfactory course progress.

For students at risk of not meeting course progress or attendance requirements, an individual intervention plan will be developed based on the appropriate intervention strategy identified. It will be documented on Intervention Strategy form.

An intervention plan/intervention strategy will include an interview with the Training Manager or Student Support Officer, and it may include one or more of the following strategies such as:

- Attending counselling.
- English language support.
- Reviewing learning materials with the student and providing information to students in a context that they can understand.
- Providing extra time to complete tasks.
- Adjusting timetables
- Providing access to supplementary or modified materials.
- Providing supplementary exercises to assist understanding.
- Attending academic skills programs.
- Attending tutorial or study groups.
- Receiving assistance with personal issues which are influencing progress.
- Receiving mentoring.
- Referral to external organisations where GI is unable to address the identified learning or academic issues:
- Being placed in a suitable alternative subject within a course or a suitable alternative course; or
- A combination of the above and a reduction in course load.

### **Change of Address**

Upon arriving in Australia, students are required to advise the institute of their residential address and telephone number and of any subsequent changes to their residential address. It is extremely important that students notify the institute of a change of address as, under Section 20 of the ESOS Act 2000.

Institute is obliged to serve a notice at the last known address of the student if the student breaches a student visa condition relating to attendance and/or academic performance. Institute may also send warning notices to students that are aimed at providing support to students and prevent breaches of visa conditions.

Hence, students must notify staff member of any change of their address and contact details within 7 days of change while enrolled at the institute including:

- the student's current residential address, mobile number (if any) and email address,
- who to contact in emergency situations.

Failure to update the contact details means that students may not receive important information which may affect their course, their enrolment or visa.

As per Tuition Protection Service (TPS) update, international students are required to update their current address at least every six months. It is the responsibility of students and in their interest to keep their records up to date to ensure they receive important information about their course, fees and possible

breaches of their student visa.

Additional information on student visa issues is available on the Department of Home Affairs web site at <https://www.homeaffairs.gov.au/>

### **Student Complaints and appeals procedure.**

The Institute has a student's Complaints and Appeals Policy and Procedure to provide students with a fair and equitable process for resolving any disputes or complaints they may have.

#### ➤ **Informal Complaint Process**

Students who wish to make a complaint are encouraged to initially engage in an informal discussion about the matter with the staff members/s involved. Any student with a complaint may first raise the issue informally with the Administration officer or Trainer and attempt an informal resolution of the complaint.

Students can choose to make an informal complaint and to comply with the requirements of SRTOS 2015 and the National code, informal complaints will be documented and recorded in the complaints register by the administration officer.

All informal complaints lodged by students will be acknowledged in writing by sending an e-mail to the student. Acknowledgement e-mail must summarise the complaint and any other facts and expectations taken place during informal discussions with the student. It is a requirement of the Standards for RTOs 2015 that the institute maintains written records of informal complaints as well as formal complaints.

GI's staff involved in the discussion of an informal complaint or appeal will do their best to resolve the matter effectively and quickly.

Students who are not satisfied with the outcome of the complaint will be advised to register a formal complaint.

#### **What can a complaint be about?**

A complaint can be about:

- any aspect of the service provided, or not provided by GI
- any aspect of the training and assessment
- the behaviour or decisions of staff, or
- policies and/or procedures of GI
- any action by any relevant 3<sup>rd</sup> party

### **9.2. Formal Complaint Process**

Students who are not satisfied with the outcome of the informal process can register a formal complaint in writing to the Administration Officer/Complaints Officer. Students can also send an email alternatively to [info@greenhillinstitute.vic.edu.au](mailto:info@greenhillinstitute.vic.edu.au).

#### **Lodging a complaint**

To register a formal complaint, a student must complete and fill a Student's Complaints Form to Administration Officer/Complaints Officer providing:

- a clear and detailed statement of the complaint, including the parties involved.
- a suggested solution that the student believes would settle the complaint (E.g., an appropriate solution will focus on achieving a productive study environment or relationship, rather than apportioning blame).
- Complaint will be lodged in a complaint register.

**The resolution phase:** Administration Officer/Complaints Officer will determine whether the subject matter falls within the definition of a complaint. This period is called the resolution phase.

The resolution phase will commence within **10 working days** of the complaint being lodged in writing, i.e., assessment of complaints or appeal will commence within 10 working days of it being made and the outcome will be finalised as soon as possible.

Where it is determined that the subject matter falls within the definition, the following procedures will take place:

- **Acknowledging the Lodgement of a complaint**

Each formal complaint lodged by a student will be acknowledged in writing. The acknowledgement will be provided to the student in person and/or sent through the email in writing by student support/admin staff. The student support/admin staff will forward the complaint for action to the relevant department as soon as practicable and should not take more than 10 days. Parties to complaint will not be part of the investigation team.

- **Recording the Complaint**

Details of the complaints will be recorded in GI's complaints and appeals register and a copy will be filed in the student's file. The original complaint will be forwarded to the Administration Officer/Complaints Officer.

The Administration Officer/Complaints Officer will be responsible for ensuring that all of these actions are completed within five working days of the lodgement of the complaint.

- **Acting on Complaint**

All concerned parties will be contacted for investigation. Students will be given an opportunity to respond and present their case with supporting evidence.

Administration Officer/Complaints Officer will set an agenda for the meeting and discuss what steps should be taken.

**The right to be accompanied by a support person during the complaints/appeals process:** Parties making complaint will be invited for meeting and each involved party may be accompanied and assisted by a support person, according to the principles of natural justice. There will be an attempt to resolve the complaint by using the process outlined by the student for settlement (if appropriate) or through meeting, mediation and/or conciliation.

All the information will be gathered as required to assist with the settlement of the complaint, including, providing the respondent with the statement of the complaint and all the relevant documents.

Complaints will be investigated thoroughly in spirit of natural justice and principal fairness. Best possible resolution will be achieved keeping a student-centred approach based on the facts and documents.

- **Time frame**

Person making a complaint will be informed of the outcome in writing and all the complaints will be finalised as soon as practicable understanding the student's requirements and other matters but *maximum within 60 days of receipt of complaint*.

Where GI considers more than 60 calendar days are required to process and finalise the complaint or appeal, the Institute will inform the complainant or appellant in writing, including reasons on why more than 60 calendar days are required, and will regularly update the complainant or appellant on the progress of the matter.

**If complaint falls outside the definition of complaints:** Administration Officer/Complaints Officer will advise the student accordingly. Administration Officer/Complaints Officer may dismiss a complaint if, in their view the complaint is ill advised, misguided, frivolous, malicious or vexatious.

**Note:** It is to be noted that GI will respond to any complaint or appeal that overseas student makes regarding his or her dealings with GI, GI education agents or any related party that GI has an arrangement with, to

*deliver the overseas student's course or related services. (GI does not have any arrangements with, to deliver the overseas student's course or related services).*

**At the conclusion of the resolution phase**, Administration Officer/Complaints Officer will write to both the student and the respondent indicating the outcome of the process and specifying any action that has been agreed upon by the parties as part of that process. Students will be informed about their *Right to appeal* within 20 days of the complaints if dissatisfied with the outcome.

**Record the decision:** Institute's decision and reasons for the decision will be recorded by the Administration Officer/Complaints Officer and placed in the student's file.

**If a student is dissatisfied with the outcome of the formal complaint process**, students may initiate an internal appeal process by completing a Complaints and Appeal Form from the website [www.greenhillinstitute.vic.edu.au](http://www.greenhillinstitute.vic.edu.au) or student administration/reception.

### 9.3. Internal Appeals Process

Internal appeals may arise from a number of sources including appeals against refund decisions, assessment outcomes, appeals against disciplinary actions and appeals against decisions arising from complaints. The essential nature of an appeal is that it is a request by student who is dissatisfied with the outcome to reconsider a decision made by GI.

An Internal Appeal Process is initiated by a student lodging an Appeal by filling up complaints and appeals Form available from the Student Administration and/or GI website.

- **Acknowledging the Lodging of a complaint**

Appeals are acknowledged by sending written confirmation of the complaint that is done by the Training Manager or representative.

- **Consideration of Appeal by Training Manager/Appeals officer**

Where an appeal relates to the following matters, the Student Appeals Form must be lodged within 20 working days (International Students):

- Notification of an intention to report the student to the Department of Home Affairs (DHA) or due to unsatisfactory Course Progress.
- Notification of an intention to suspend or cancel a student's enrolment due to misbehaviour, or other extenuating circumstances (ref. Student Code of conduct for details available on Student's handbook).

- **Time Frame and Acting on an Appeal**

Within 10 working days of receiving the Complaints and Appeal Form, the Chief Executive Officer (CEO) will appoint an Investigator or convene a Student Appeal Committee to hear the appeals and propose a final resolution. This Investigator or Committee will not include any person who has heard the original complaint. The Investigator or the Student Appeals Committee will:

- a. Meet with the student (and support person, if present) and provide the student with an opportunity to present their case with any supporting evidence provided in the meeting at minimal or no cost. At any given meeting to discuss an appeal, students will be given the opportunity **to be accompanied and assisted by a support person.**
- b. At the conclusion of the meeting, students will be informed about the timeframe within which the Institute will provide a written outcome of the appeal. The timeframe will generally be 10 working days. After the meeting, the Investigator or Committee will, impartially, consider all the evidence and make a decision.

#### **Student Appeal Committee**

- Chief Executive Officer/Training Manager
- Student Support Officer
- Investigator or nominee appointed by the CEO

*\*GI will ensure that assessment of the complaint or appeal is conducted in a professional, fair and transparent manner.*

The outcome will be documented and will include the reasons for the decision. If the decision goes against the student, the outcome will include information for the student of **his or her right to an external appeal**. Details of the suitable external appeal bodies will be made available to the student with information at no cost associated with that.

**If more than 60 days:** Where it is apparent that appeals will take more than 60 calendar days, appellant will be informed in writing, including reasons why more than 60 calendar days are required, and the students will be regularly updated on the progress of the matter.

**Recording the appeal:** GI will keep a written record of the complaint or appeal, including statement of the outcome and the reasons for the outcome with signature and date of student and Training Manager.

*A written statement of the outcome of the internal appeal, including detailed reasons for the outcome will be sent to the student.*

**If matter remains unresolved or student is unsuccessful or dissatisfied with the outcome.**

There might be cases where matter is still unresolved after the implementation of above procedures and the internal appeals process exhausted, or if the student is not successful in the GI's internal complaints and appeals process. In such cases, Institute will advise the overseas student within 10 working days of concluding the internal review of the overseas student's right to access an external complaint handling and appeals process without any cost charged by GI.

**Note: Students' enrolment will be kept active until both internal and external appeal is concluded.**

### External Appeals Process

After the student has been advised of the external complaint handling process and procedure, GI will provide students with contact details of the appropriate complaints handling and external appeals body.

GI will refer the student to a **Commonwealth Ombudsman** to lodge an external appeal or complain about the decision.

*The Commonwealth Ombudsman offers free and independent service for overseas students who have a complaint or want to lodge an external appeal about a decision made by their private education or training provider.*

In most cases, the purpose of the external appeals process is to consider whether the registered provider, i.e., GI in this case, has followed its policies and procedures, rather than make a decision in place of the Institute. External appeal authority will be provided with sufficient information within due timelines requested.

**For example**, if an overseas student appeals against his or her subject results and goes through the internal appeals process of the Institute, the external appeals process would look at the way in which the internal appeal was conducted; it would not make a determination as to what the subject result should be.

Complaints outcome will be entered in complaints register after external appeals has given a decision and copy of all relevant documents will be attached in that register.

### Outcome

If the internal or any external complaints handling or appeal process results in a decision or recommendation in favour of the overseas student, GI will immediately implement the decision or recommendation and/or take the preventive or corrective action required by the decision and advise the overseas student of that action or outcome.

Written record of the complaints or Appeal and statement of the outcome will be kept and maintained by GI.

Examples of an external or independent body or person may include:

- private conciliators or dispute resolution counsellors
- a complaints and appeals body established by a peak industry body
- representatives of Commonwealth and state or territory government departments including the Office of the Training Advocate; or
- Commonwealth and state or territory offices of the Ombudsman may be the appropriate body for a public provider.

**IMP NOTE:** The Commonwealth Ombudsman is a free and independent service.

**The Commonwealth Ombudsman contact details are:**

- **Website:** <http://www.ombudsman.gov.au/>
- **Email:** [ombudsman@ombudsman.gov.au](mailto:ombudsman@ombudsman.gov.au)
- **Contact Number:** 1300 362 072

The Commonwealth Ombudsman investigates complaints about problems that overseas students have with private education and training in Australia.

The Ombudsman also:

- b. Provides information about best practice complaints handling to help private education providers manage internal complaints effectively.
- c. Publishes reports on problems and broader issues in international education that Commonwealth Ombudsman identify through investigations.

For further information, please visit <https://www.ombudsman.gov.au/How-we-can-help/overseas-students> or contact Commonwealth Ombudsman by telephone, 9am to 5pm Monday to Friday, Australian Eastern Standard Time (AEST). In Australia, call: 1300 362 072 (calls from mobile phones at mobile phone rates). Outside Australia, call +61 2 6276 011.

### **Appeals related to Deferment, Suspension or Cancellation of Enrolment**

Where a student has decided to access the appeals process in relation to deferment, suspension or cancellation of their enrolment, GI will not update the student's status or report to the Department of Home Affairs (DHA) via PRISMS until the appeal process is completed.

GI will maintain all relevant responsibilities until:

- the internal and external complaints processes have been completed and the breach has been upheld.
- the overseas student has chosen not to access the internal complaints and appeals process within the 20-working day period.
- the overseas student has chosen not to access the external complaints and appeals process.
- The overseas student withdraws from the internal or external appeals process, by notifying the Institute in writing.
- **Please note** following procedures do not remove the student's right to seek other dispute resolution services, or to seek other legal remedies, provided by external bodies, such as, the Victoria Legal Aid
- Refer to <https://www.ombudsman.gov.au/making-a-complaint/overseas-students>

#### **Students Rights as Consumer**

Complaints and Appeals Policy, and Procedure do not remove the right of students to act under Australia's consumer protection laws.

### **Unique Student Identifier**

The Unique Student Identifier (USI) is a mandatory requirement for anyone wishing to complete Nationally Recognised VET qualification as of 1 January 2015. Each time a student completes nationally recognised training, the RTO collects and verifies their USI before they can issue a qualification or statement of attainment. In addition, we are required to include your USI in the data we submit to NCVER.

The USI scheme allows students to access a single online record of their VET achievements. Each person will be assigned a USI. Greenhill Institute will obtain and verify the student's USI at the time of enrolment. GI will comply with the Student Identifiers Act 2014.

The USI is an identifier known only to the issuing RTO, the student, and the department. All students undertaking vocational education and training must hold a Unique Student Identifier (USI) and provide it to GI during the enrolment process. If students do not provide a USI, GI will not be able to issue a Certificate, Statement of Attainment or Transcript for the training. For details on USI, visit [www.usi.gov.au](http://www.usi.gov.au).

GI Student Services staff can assist you to obtain your USI on request. USI does not appear on any certificates, statements of attainment or other public documents issued by GI. It is in the student's best interest to keep this identifier in a safe place. If the student forgets their USI, it is possible to retrieve the information from the Department's web site <https://www.usi.gov.au/>.

### Important Information

#### Working in Australia

Australian Immigration laws allow students to work for a limited number of hours whilst studying on a student visa in Australia. Students must not work for more than 48 hours a fortnight when student's course of study or training is in session. A fortnight means the period of 14 days commencing on a Monday.

#### School-aged dependents

Students must maintain adequate arrangements for the education of their school-age dependants who are in Australia for more than 3 months as a dependant on student's visa.

There are requirements for compulsory school attendance for dependents of international students. In Australia, it is compulsory for children to attend school until the age of 16. The choice of schools includes public schools, private schools, and religious schools. People over the age of 16 can continue to attend school until they have completed year 12. Dependents of persons holding a student visa may be required to pay full fees in any institute or university that they enrol in whilst in Australia.

Refer to <https://immi.homeaffairs.gov.au/visas/already-have-a-visa/check-visa-details-and-conditions/see-your-visa-conditions?product=500#> for more information.

In other instances, information collected during enrolment cannot be disclosed without the student's consent where authorised or required by law. It is a requirement of the VET Quality Framework that students can access personal information held by the institute and students may request corrections to information that is incorrect or out of date. Students may apply in writing to Administration Manager if they wish to view their own records.

## TUITION PROTECTION SERVICES

Protection of tuition fees paid in advance by student visa holders is undertaken in accordance with ESOS requirements and the Tuition Protection Service Framework. Copyright is a type of property that is founded on a person's creative skill and labour. It is designed to prevent the unauthorised use by others of a work, that is, the original form in which an idea or information has been expressed by the creator.

Copyright is not a tangible thing. It is made up of a bundle of exclusive economic rights to do certain acts with an original work or other copyright subject-matter. These rights include the right to copy, publish, communicate (e.g., broadcast, make available online) and publicly perform the copyright material.

There is no general exception that allows a work to be reproduced without infringing copyright. Where a part of a work is copied, the issue is whether a substantial part of that work has been reproduced and thus an infringement has occurred. However, there is a 10% rule which applies in relation to fair dealing copying for the purposes of research or study. A reasonable portion of a work may be copied for that purpose, and

a reasonable portion is deemed to be 10% of a book of more than 10 pages or 10% of the words of a work in electronic form.
